For personal publishing projects, we can help edit manuscripts and assist an author or historian in organizing material into a book. We copy historical photographs and can help with the layout of placing them in a publication. We also assist authors by suggesting a promotional plan that will make the publishing project pay for itself.

MEDILODGE OF HILLMAN

Fred Oliver, a recent graduate of MediLodge's Rehabilitation Program, recently returned home after completing Physical and Occupational Therapy. He successfully recuperated from a hip fracture he recently endured. Prior to admission, he was living independently by himself.

This was Fred's third stay here at our rehab center and he had this to say, "If you need therapy, MediLodge of Hillman is the place to go. Their therapists are great! I never needed a thing."

With much hard work and the help of our excellent therapy team, Fred met his therapy goals and was able to return home.

Fred "Bud" Oliver, Alpena
